

COOKIE POLICY

Here in a cookie policy we, i.e. IVPPartners UADBB, set the rules for the use of cookies on the websites we manage: www.ivp.lt, www.savitarnaivp.lt, www.ivppartners.lt (hereinafter – **the websites**).

WHAT IS COOKIE?

Cookies are short textual information that our websites store on the computers or other smart devices of users browsing them. Depending on the browser, this information is saved either in small separate files or in a common document of cookies saved by various websites.

WHAT COOKIES WE USE?

We use essential cookies on our websites. These cookies are necessary so that you can browse our websites and use their functions, for example, they remember the information entered in the forms during the session, they allow you to connect to the protected areas of our websites. Without these cookies, it would be impossible to provide certain services of our websites or they would not work as smoothly as they should, so we use these cookies without your consent (according to Article 6, paragraph 1, point f of the General Data Protection Regulation).

ESSENTIAL AND STATISTICAL COOKIES

On the self-service website (savitarnaivp.lt), we use session cookies that do not contain identifying information. Cookies are used to maintain the connection of the user application with our server. The cookie values are just a hash code that makes it impossible for a person from outside to identify the user or his resource.

On the Secure File Transfer website, we use session cookies with a file ID number. These cookies do not contain any customer-identifying information and are necessary for us to implement secure file transfer functionality.

The employee survey site only uses an antiforgery session cookie, which prevents session hijacking from another device if another person from another device decides to submit a survey response.

We do not use marketing cookies on our websites.
